*Evangelism and
Services to Improve
the Quality of Life in
Tanzania, East Africa*

About Us

Established in 1999, the Tanzanian Adventists in the United States of America (TAUS) is an organization of Seventh-day Adventists from Tanzania, East Africa.

TAUS also has associate members from any country in the world and of any spiritual belief but share TAUS's mission.

Currently TAUS has over 300 members living all over the United States, a strong growth from its 25 founding members.

TAUS is a 501(c) nonprofit organization. Its headquarters is in Fitchburg, Massachusetts.

Our Mission

TAUS's mission is to evangelize and provide health, education and other services that improve the quality of life of people in Tanzania.

Completed Projects

Since its inception 18 years ago, TAUS has implemented about 12 projects including:

- Building two churches in Tanzania
- Supporting five evangelistic efforts in the un-reached areas in Southern Tanzania.
- Providing scholarships to 10 undergraduate students in Adventist colleges.
- Humanitarian support in both Tanzania and USA.

Ongoing and Future Projects

Scholarships for Pastors

On average, every ordained pastor in Tanzania serves 12 churches and about 2,000 baptized members. Pastors travel long distances to reach their church members because 70% of the churches are in rural areas. To help address this problem, TAUS is currently supporting ten undergraduate theology students. The tuition cost for one student for a three year degree program is approximately US\$2,000.

Evangelism

TAUS supports various evangelistic efforts in poor and unentered areas. This includes:

- Providing both financial and material support to spread the gospel.
- Supporting church planting.
- Building and roofing churches in poor areas.
- Supporting lay evangelists who volunteer to provide visitation and bible studies in unentered areas.

Morning Star Radio

Radio is the most important source of public information in Tanzania. TAUS is fundraising to support Morning Star radio in Tanzania which will be used for evangelism, health education and other programs.

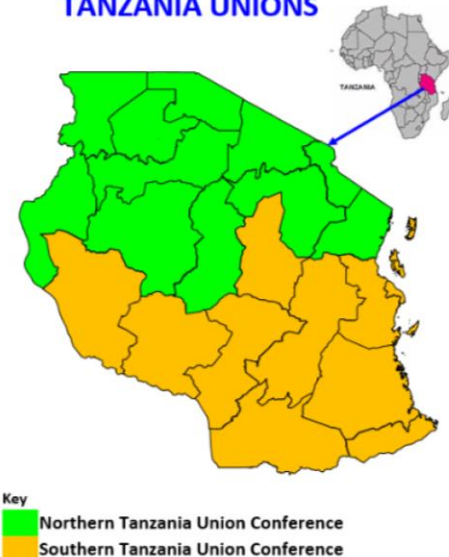

www.tausinc.org

Supporting Health Services

Southern Tanzania has the highest poverty rate and poorest health services in the country. TAUS is fundraising to support provision of health services in Southern Tanzania. TAUS also plan to provide health education through the radio and other outlets.

Tanzania Seventh-day Adventist (SDA) church is divided into two administrative regions (or unions) – Northern Tanzania Union Conference (NTUC) and Southern Tanzania Union Conference (STUC). Although STUC population is about 50%, of total population in Tanzania, its SDA church membership is only 25% of total church membership in the country. Thus TAUS has largely concentrated its efforts in the STUC – where poverty is also highest.

TANZANIA UNIONS
